Hello LAAC Members,

As you all know, the primary election in June 5 has tremendous implications for students, families, and charter public schools across the state. Now is a critical time for Los Angeles to lead on this statewide effort.

Over the past week, you all should have been contacted by our team regarding ways you can activate your school community through non-partisan civic engagement efforts by making sure your school participates in Charter Nation, and by sharing information with your school community using our C3 Civic Engagement Toolkit <https://info.ccsa.org/elections-toolkit> .

I am asking you all to please check your personal email today for a critical message from me about another important way to contribute to these efforts. The Los Angeles Advocacy Council has done incredible work galvanizing the charter community in Los Angeles, and with less than six weeks until election day, we are asking for your support again to engage both professionally and personally on an issue that will deeply affect the charter community for years to come.

Again, please be on the lookout for both a personal email and text from the team today asking you to take action by the end of the day tomorrow.

Many thanks for all you do! We look forward to seeing you all at next week's meeting.

Cassy
